

The United States Pony Clubs, Inc. STANDARDS OF PROFICIENCY FOR TRADITIONAL RATINGS

(Revised January 1, 2007)

The United States Pony Clubs has established Standards of Proficiency within the framework of the international Pony Club movement as the curriculum for a program of instruction and testing of its members.

D Rating: The D Ratings are an introduction to the fun and challenge of riding, establishing a foundation of safety habits and knowledge of the daily care of a pony and tack. The D-1 through D-3 Pony Club member learns to ride independently and with control, maintaining a reasonably secure position at the walk, trot and canter and over low fences. All D ratings are awarded at the club level.

C-1 and C-2 Ratings: The C-1 and C-2 is a Pony Club member learning to become an active horseman, to care independently for pony and tack and to understand the reasons for what he or she is doing. The C-1 and C-2 show development towards a secure, independent seat and increasing control and confidence in all phases of riding. The C-1 and C-2 ratings are awarded at the club level.

The H-B, C-3, B, H/H-A and A Ratings are facilitated on a national basis and require a greater depth of knowledge and proficiency than the earlier ratings. Successful candidates are competent, all-around horsemen, active and contributing members of USPC, who participate in a variety of Pony Club activities. They are also thoughtful leaders who set an example for all levels.

The H-B Rating covers Horse Management knowledge that demonstrates increasing knowledge and competence in the care and handling of horses.

Pony Club members may choose to follow one or all of three riding tracks. They are: Traditional Eventing, Show Jumping or Dressage.

The C-3 Rating reflects a basis of competence in riding and horse care that will make possible a lifetime of pleasure with horses. If the C-3 riding test is passed before the H-B, the member becomes a C+.

The B Rating is for the active horseman and Pony Club member who is interested in acquiring further knowledge and proficiency in riding. The B is able to ride experienced mounts with confidence and control. The B should be able to ride and care for another person's experienced mount, maintaining proper mental and physical condition without undoing any of the mount's education. The B understands and is able to explain the reasons for what he or she is doing and to contribute to the education of younger Pony Club members.

The A Rating, the highest rating, is divided into two parts: the H/H-A, which covers horse management, teaching and training and the A, which tests the riding phase. The H/HA has the knowledge, experience and maturity to evaluate and care for a mount's needs efficiently and in a variety of circumstances, and to teach riding and horse care to others. The A is able to ride mounts at various levels of schooling with judgement, tact and effectiveness; to train young mounts; and to retrain spoiled mounts.

NOTE: In addition to its instructional programs, USPC offers a variety of activities at club, regional, inter-regional and national levels for team and individual participation. These activities include Eventing, Dressage, Foxhunting, Quiz, Mounted Games, Show Jumping, Tetrathlon, Polocrosse, and Vaulting. **Achieving a rating does not necessarily qualify the Pony Club member for competition in any horse sport.** Further study and preparation for a particular activity, including working as a team member, may be necessary.

- Have a record of regular attendance and participation.
- Be member of Pony Club for 1 month or more, no minimum age limit.
- Be recommended by the District Commissioner for each rating.
- Have a thorough knowledge of requirements of level being tested and be able to discuss and/or demonstrate any requirement for all previously attained Standards.
- Attain each rating before the next level is attempted.
- **Any special testing requests must be submitted to the USPC National Office, through the DC. These requests will be reviewed on an individual basis and the final decision for any exception will be the responsibility of the D-1 through C-2 Program Committee Chair and the Vice President of Instruction.**

Attire

Safe, workmanlike attire, including proper footwear, must be worn in the barn area and when working around mounts. Refer to USPC HM Handbook, USPC Rules for Eventing, and the USPC Manual of Horsemanship I.

ASTM/SEI approved headgear with full harness and with chin strap in place must be worn.

Correct formal or informal attire should be worn. Exceptions to meet local conditions may be designated by the DC.

Formal Dress: Black or dark-colored, uniform-colored coat; white stock tie with plain horizontal pin; white, canary, tan or buff breeches; black boots, Pony Club pin.

Informal Dress: Riding coat (other than solid black); plain color shirt; choker, necktie or turtle neck; breeches or jodhpurs of any color; appropriate boots as described in USPC Horse Management Handbook, Pony Club pin.

Equipment

Saddlery and biting for USPC Testings should comply with the Horse Management General Rule on Saddlery and Biting and with the USPC Eventing Rules for Saddlery and Biting. Whips, no longer than 48 inches including lash, will be allowed in the "flat" section of testings. Any discipline rule change following publication of the current Horse Management Handbook will supersede these rules.

All bits with more than one point of attachment (i.e. gag, Pessoa, elevators) must have one rein attached so that the snaffle action of the bit is in effect. If other bit actions are to be used, two reins will be required. At the D level, converters will be allowed on pelham bits. If the Pessoa type bit is used, a single rein may be attached to the first or second ring. If a third or lower ring is used, a second rein must be attached higher so that the snaffle action can be in effect.

Testing Information

Testing dates are determined by the DC.

Testings may be held every three months, or more often if practical for the Club, but they must be offered a minimum of twice a year.

A testing should be conducted in one day or all requirements tested within a one-month period.

A testing shall be an instructional working session, covering only requirements listed under the Standards.

Oral testing is required for all parts of the horse management phase. Written tests are not allowed.

On recommendation of the Examiner only, a candidate who fails not more than one-third of tested sections (including riding) may be re-tested within one month on only the requirements not passed.

There is no set time limit between taking any of the D- Level Tests, but each rating level must be attained in the proper order and no levels may be skipped.

Borrowing/sharing of suitable mounts for a D-level testing is allowed, but only if the rider is familiar with the mount and has ridden it prior to the testing both on the flat and over fences successfully and safely at the level being tested.

Appropriate Horse

It is the responsibility of the candidate and his/her parent(s) or guardian to bring an appropriate horse to the testing. The conditioned mount(s) must be capable of completing the flat and jumping phases at the heights indicated at the appropriate levels. Embracing USPC's commitment to safety for all horses and riders is of utmost importance. Failing to follow these guidelines may make it difficult to meet the standard on that given day.

Presentation of Mount for Inspection (D-1 through D-3)

Stand by head of mount on near side with Examiner, facing towards rear, reins in left hand, below bit, slack in right, changing sides with Examiner.

Braiding is not allowed.

Examiners

Examiners at the D-1 through C-2 level are to be chosen by the DC.

Examiners should be selected with care, should not only be knowledgeable, but sensitive to young people and able to conduct the test in an educational framework.

Examiners must be furnished a copy of all the USPC Standards, tests, and study guides prior to testing.

Examiners must be knowledgeable of Pony Club philosophy and the Standards, D-1 through A.

The Examiners must set the tone of the testing as a teaching situation, making every effort to draw the best from each candidate.

Care should be taken throughout a testing to encourage the candidates to express what they know, rather than what the Examiner knows.

Examiners should bear in mind that there may be a range from adequate to superior, and anyone within the range should pass.

Refer to the current D-1 through C-2 Testing Guidelines and the USPC Examiners Handbook, both available through the USPC Bookstore.
